SQUEAKY CLEANING

services

Squeaky Cleaning Services Ltd were officially established in 2005 in the Midlands by Dennis Duffus with an aim to offer a superior quality and affordable cleaning solutions for domestic/residential and commercial/corporate cleaning services throughout the UK.

Through an excellent record in service and customer satisfaction they have become the 1st emergency cleaning service where cleaning is required. With a professional cleaning force of over 50 employees Squeaky can guarantee the highest grade of service, satisfaction and value for money.

They are a professional cleaning company offering a wide range of cleaning services whose core values are based on trust, loyalty and efficiency. They only introduce trustworthy and responsible domestic cleaners to clients. At Squeaky Cleaning all plans are personalised and bespoke to suit flexibility and your budgetary requirements and or schedule coupled with a free no obligation estimate on all jobs.

SQUEAKY CLEANING
services

Here at Squeaky Cleaning we understand that event cleaning requires a high commitment exceptional co-ordination from both the management and staff in order to deliver a good service. We can't help it but we are perfectionists and our team of specialist have the knowledge and training to project plan large scale of events both indoor and outdoor. No matter how small or large the occasion the end result will always be second to none.

Whenever we are on your premises we not only represent ourselves but we also represent your business and services to your clients therefore customer service is paramount and will always be our main priority. When on-site our staff will always be in co-ordination and professionally dressed in uniform. Our experienced team leaders are always at hand and available 24/7 whilst working on your project.

With 25+ years of event cleaning experience, we offer countless essential cleaning services for all different trades and industries. Our services can include general cleaning services throughout the event for example toilet cleaning and attendants, empty bins inside and out also litter picking etc.

We enjoy what we do and are happy to talk to you about what you need for your event.

SQUEAKY CLEANING
services

Our eco-friendly disinfection solution, innovative technology will ensure the safest, most cost-effective options to disinfect your work and home environment. Our unique combination of an electrostatic sprayer and an eco-friendly disinfectant is deadly to corona viruses and pathogens.

We disinfect any size surface using an eco-friendly hospital grade disinfectant solution. Subsequently, the spray contains positively charged particles that are able to aggressively adhere to surfaces and objects and because the particles in the spray are positively charged, they cling to and coat any surface they're aimed at. The eco-friendly solution is safe to use around your home, food, and any surface. After the spray is applied, the sanitising agent works to disinfect the covered surfaces. Our disinfectant /adjuvant holds and maintains surface active agents at a molecular level. It can remain active on surfaces for up to 28 days.

The 28 days persistence is based on independent testing of the control chemical on wall tiles for MRSA which showed no viable increase in colony-forming units (CFUs) during this period. The frequency of application will be specific to each client's unique requirements which will be determined inevitably by the use of each Target area
